Type your comment here.

03:03

Some "bulbs" (modules) in the course have opportunities for Discussion forums. You can make comments and reply to others.

Each video has a few questions

Correct and incorrect answers are confirmed and explanations provided for each option. This is our way of providing feedback on teaching basics.

Incoming interns at our institution believe that the following category of qualities is most associated with the qualities of good teaching or good teachers.

- Medical Knowledge
- Procedural skills
- Interpersonal & Communication skills
- Teaching (Pedagogical) Skills

Review and Submit

Progress: Bulb Complete

Current score: 100%

You earned 6 graded of 6 graded points. 0 free response points are not yet **graded**. Please check back after your instructor has updated your score.

Please return to your course to **continue**.

RETRY

** If you retake, your previous responses/score will be reset.*

Review Sheet

Multiple Choice Assessments
Are automatically scored for your feedback only.

Do scores affect your faculty standing?

NO

Then, why are these scored?

- To offer course participants formative feedback
- To document faculty participation in faculty development activities for LCME accreditation review.
- To help us improve the lesson or course overall.

When you complete the 1st module, you will see the score. Click CONTINUE to view the rest of the course.
